## 0 Gist

Global Lawless-Hate on Non-Human treat to me only is spreading. It seems to be a hate to taboo sinner saying "Man must not refuse lady's advances."

It's a social erasure, that is a substantial torture and murder!!!

It's a legal exclusion for me only ignoring "equal for all".

As the below, each is clearly anti-treaty so international meltdown.

Japan dared to do many bogus judgments with ignoring my pleas.

The UN ignored my report twice with violating their rule.

Net world is ignoring my SOS post. Though there is no other way.

Ignoring disables laws, internet, language. So I have nothing.

This is modern witch hunt and will become a trauma of humanity.

All I can do is to appeal to the word this ultimate horror.
